Ready to party like Potter

Sunbury Village Green will be a sea of picnic rugs, camping chairs and bean bags next month for the town's annual twilight movie on the green.

Organised by HomeGrown Events and Sunbury Community Health, the movie night brings people together under the stars.

HomeGrown Events president Sharyn Snook said the event was "something a little bit different" for the Sunbury community.

"We want people to come and relax, enjoy the night and spend time with each other," she said. Ms Snook said last year's inaugural movie

night had been well supported. This year's screening will be the Harry Potter spin-off *Fantastic Beasts and Where to Find Them*.

Ms Snook said moviegoers could also enjoy a community market and food vans on the night, while there will also be face-painting and a jumping castle for children.

The event starts at 4pm, with the movie screening from 8.30pm.
